Vol 2. No. 2

Tuesday, Sept. 8 is Picture Day!

Don't forget that Tuesday, September 8 is Picture Day! Students should have brought home information about the packets available and the pricing for those pictures. You can also order and pay online if you choose. To order online go to mylifetouch.com and enter Picture Day ID code of NC025791Q0 to view the available packages and prices.

The Parent Portal Is Open

The Parent Portal, which allows parents and students to view the student's assignment grades online is now open. Today, September 4, all students are being given an information sheet on how to access the website. Included will be the parent's login ID and password, and the student's.

This portal will allow parents and students to see the student's grades and attendance. Parents will only be able to see their own child's grades. By staying informed parents can ensure their child is keeping up with assignments, monitor their grades, communicate with the teacher and more.
